

“Those who have LOVE are nearest to GOD”

As Supreme Master Ching Hai said the following to our Association members, She broke into tears while expressing Her deep gratitude to all the countries that have helped the refugees.

Spoken by Supreme Master Ching Hai, International Gathering in Europe, September 7 and 20, 2015

I always thought of the refugees in the war-ravaged countries all the time. All the time. Not just today, yesterday, and the day before, but all the time. I was always thinking, “Imagine how they have to live!”

Because imagine, the refugees, they walked, they risked everything, they left everything behind. They risked their lives to come ashore.

So we send one million US dollars to the different refugee camps, whatever we can, wherever we can. Then we double all these donations. It becomes almost like three million for just the refugees.

It's all beautiful people, whoever accepts the refugees. It's like they are doing me a big favor, personally. Of course, it's doing everybody else a favor, but for me personally, I pray for that country. They will have immense, immense merit. Their country will be prosperous, peaceful, and happy to no end for many generations to come. The whole country will benefit from that.

And these, the ones I mentioned here, like Sweden, Austria, Belgium, Greece, Holland, Spain, Denmark, Poland, Finland, Norway, Romania, Portugal, Croatia, Slovenia; we send [contributions] also to Turkey, Lebanon, Jordan, and Germany of course, and the UK. (Bulgaria, Cyprus, Egypt, Estonia, France, Hungary, Iraq, Italy, Latvia, Lithuania, Luxembourg, Malta, Serbia, Syria, Canada, USA, UNHCR.)

All these countries are truly Christian, or Buddhist country, or Muslim country.

Truly they adhere to the teachings of the Masters, of the Prophet.

We applaud and we thank you. We thank you. We thank you. We thank you for really loving your neighbors and helping the helpless people in time of need. This is truly brotherhood. This is really religious.

I really thank you, and may your blessing be manyfold forever.

May your country prosper, have peace, happiness. May your people have all the comforts that they need. All the comforts that you afford to others will come to you and your people, manyfold, many generations. Thank you so much. May God bless you, all of these countries, and I thank you personally. Thank you, thank you so much, so much.

“Sometimes we have to pray so that the conditions will change, improve. You should console to your fellow countrymen, your relatives and friends with the things I've said. The sun will shine tomorrow. There are no endless nights, no days that shine forever. There is a constant alternating of positive and negative energy field. We must have hope in order to live.”

***One day you will, one day you'll know
No one, no one, can make you fear!
No one, no one, can hurt you (any) more!
The day will come, you will all know
Peace in your heart will be forever!
You will remember who you really are
Then you'll be free, forever and ever!
Just wish you know the way I know
The day will come, you'll know
God's love!***
